- Minor change to the Power-on Volume Limit options.

Additional information

Firmware update instructions.

1. Turn off the power supply to the device (rear panel mains switch)
2. Install the update file (M778S.bin) on a FAT32 formatted USB drive.
3. Insert the USB drive to the 'UPDATE' USB socket on the rear panel of the device.
4. Push and hold front panel standby button.
5. Turn on the power supply to the device (rear panel mains switch) while continuing to hold the standby button.
6. Release the standby button and the display will show 'upgrade processing'.
7. Allow the device to apply the software update. This may take a few seconds.
8. When update is complete, the device is ready to use.
